Dear John,

I would like to think that everyone (masses of people attended) thoroughly enjoyed Stuart Pearce's midweek session last month. He was polite, humorous, informative, enthusiastic with superb delivery and his practical demo's were excellent - especially the one where he brought down a ball (that came down with snow on!!), accelerated into link up play with his young striker and then "smashed" the ball into the bottom corner of the net!!!!!!.....Hopefully Stuart will return to Sheffield again in the future.

For October I am delighted to have Russ Wilcox as our guest coach. Russ began his professional playing career at Northampton Town moving to Hull City, Doncaster Rovers, Preston North End before finishing his playing career, as player/Assistant Manager at Scunthorpe. It was there that he first worked with Brian Laws and he is still Assitant manager to Brian at their current club Sheffield Wednesday.

Russ has been a member of our coaches Association for about 6 years - joining to do what all coaches want to do and that is learn from others - take things away, tweak them to your requirements etc. Russ is going to present a session titled:- "Something For Everyone" - This session will provide lots of small drills to suit grass roots coaches to the pro' game. It will include passing drills, finishing drills and working with strikers. Come along and support another one of our, quality, local coaches.

Date: Friday 16th October 2009
Venue: ****Sheffield United Academy, Firshill Crescent , Sheffield****
Time: 7pm -9pm
Coach: Russ Wilcox
Cost: Members free; Visitors - £2

Yours sincerely,

R Cooper

Secretary
